Thank you so much for not only choosing me to be the 'Smartaupair of the year', but also for being such a reliable, friendly, well organised and caring au pair agency.

I have been looking for an aupair agency for a long time and decided to contact a German agency (as Switzerland is quite a small country with not a lot of offers to choose from). First they put me in contact with an other English partner agency, from which I didn't hear anything for at least one month. I kept on asking them and they finally send me a really not matching family suggestion. →

Luckily my German agency then put me in contact with [Smartaupairs](#) and I got within the first week about four family suggestions. From the beginning on I had a really good feeling with the whole procedure. I can only thank you for perfectly matching my wishes and also congratulate you for being such a great au pair agency. You do get it right for families and au pairs! Furthermore, it was really nice to see you all at the river cruise and to meet the people I have been sending a lot of e-mails to! Many thanks and kind regards

Evelyn
